

RRP'20 [01_01]: Historical notes & concept

Session 01: INTRODUCTION TO REPRODUCIBILITY

Carlos Granell GEOTEC research group

March 2020

Quote

Focus is the art of knowing what to ignore.

The fastest way to raise your level of performance: Cut your number of commitments in half.

Baker (2017)

Session 01: INTRODUCTION TO REPRODUCIBILITY

- ▶ 01_01: Historical notes on reproduction & concept

The profession of the scientist

- ▶ Why are you a scientist/researcher?
- ▶ What are your motivations?

The profession of the scientist

Intrinsic motivations: > - “locos por investigar” > - advance knowledge > - make a better world!

Extrinsic motivations: > - financial incentives > - move up the career ladder > - recognition by peers, society

Baker, Monya. 2017. “Check Your Chemistry.” *Nature* 548 (7668): 485–88. <https://doi.org/10.1038/548485a>.
